## Strip club hearings postponed again

BY BENNIE  
SHALLBETTER  
Staff Writer

A public hearing that was scheduled to be held September 16th to determine the fate of the second strip club proposed for Hancock County has been canceled. The hearing has been rescheduled for the first

Planning and Zoning Meeting in October. The hearing will be held on Thursday, October 14 at 5 p.m. at the Hancock County Civic Center.

Weldon Frommeyer is proposing to build a "gentleman's club" on Hwy. 603 in the Shoreline Park Subdivision between Lagan and Central.

The first proposal for a special exception to open a strip club, from Magnolia 1, Inc., was shot down by the zoning board after a hearing drew hundreds of people in protest of the proposal.

Magnolia 1's appeal for their club on Hwy. 90 will be presented to the Hancock County

Board of Supervisors on October 21 at 11 a.m. at the Hancock County Court House on Main St. in Bay St. Louis. Magnolia 1's attorney will present reasons for the appeal. Supervisors will consider that evidence and all the evidence

## Crystal meth, precursors, DUI send woman to jail

BY ELLIS C. CUEVAS  
 Publisher Emeritus

A traffic violation stop on Interstate 10 led to drug possession charges, then to jail for a Moss Point woman Thursday evening, Sheriff Steve Garber said on Friday.

Major Matt Karl, Narcotics Division director said, "Road Deputy Tina Ladner observed a vehicle being very carelessly driven on I-10. Ladner pulled over the vehicle, received the driver's license and upon having it checked, (saw that the suspect) was driving with a suspended license."

"Ladner arrested Regina M. Harmon, 34 of Moss Point. While doing an inventory of the vehicle's contents, Ladner discovered approximately one gram of crystal meth. Further checking revealed six boxes of Sudafed and 10 cans of starter fluid," Karl added.

The Narcotics Division was notified and Agent Clifton "Bubba" Malley

responded to the scene.

Harmon was charged with possession of a controlled substance (crystal meth), possession of precursors (Sudafed and starter fluid), DUI, driving with an expired driver's license and

jailed in the Hancock County Criminal Justice Facility in lieu of a \$11,000 bond, Karl reported.

Agent Malley is handling the investigation in the drug related charges, Karl added.

## Public hearing on wetlands fill set Sept. 16

The U.S. Army Corps of Engineers has received requests for permits for wetlands fill in Hancock County, one for a parcel approximately .60 of an acre off Blue Meadow Rd. in Bay St. Louis and one for a parcel of approximately .28 of an acre on Ireland St. near the Jourdan River.

A public hearing will be held on Thursday, Sept. 16 at 6 p.m. in the auditorium of the Bolton State Office Building at 1141 Bayview Ave. in Biloxi to gain public input on the Blue Meadow Rd. project.

Chris Manasco is requesting permission to fill tidal and non-tidal wetlands adjacent to tidal marsh and Bayou Lazere. Portions of the wetlands have already been filled without prior regulatory authorization. Manasco is also requesting permission to dredge 3,000 cubic yards of material from Bayou Lazere and the adjacent canal for navigation. The purpose is to develop the parcel for a 10-lot residential subdivision. For more information on the hearing contact the Department of Marine Resources.

A public comment period on the development on Ireland St. will continue until September 28. The applicant proposes to fill previously disturbed, high quality marsh for residential construction. For more information call Glen Cunningham at 251-694-4077.

### Get ready for the Coastal Clean Up

Final preparations are underway for the Annual Coastal Clean Up set for Saturday, September 18.

In Hancock County there will be some 15 areas of focus during the annual event sponsored by the Hancock County Chamber of Commerce's Beautification Committee and supported by the Hancock County Board of Supervisors and the cities of Bay St. Louis and Waveland.

The coastal clean up really is now an international event, as more and more folks around the world are becoming more aware of the need to protect our waters.

Hancock County is also part of the Mississippi Debris Task Force, with representatives Betsy Ashman, Darlene Underwood and Ellis C. Cuevas.

Lauren Thompson of the Department of Marine Resources, (DMR), is the chairman and state coordinator.

If you have not signed up yet for the clean up, you can give the chamber office a call at 467-9048 for further information.

Remember the date, Saturday, September 18, with the clean up from 8 a.m. to about noon.

We will be giving you more information in Thursday's issue of the Echo, too.

Another event to take place next week is the 21st annual Arts and Creative Crafts Show at Diamondhead, Saturday and Sunday, September 18 and 19.

On Saturday, the Arts and Crafts Show time will be from 9:30 a.m. to 5 p.m., and Sunday, 10 a.m. to 4 p.m.

Everything will take place in and around the Diamondhead Country Club. The sponsors are the Diamondhead Community Association Continuing Education program, the Diamondhead Youth Organization and the Diamondhead Summer Program.

There will be free shuttle bus transportation from the Diamondhead Shopping Center parking lot on both days. The air conditioned bus will deliver you where the action is, and return at your convenience.

There will be wood and fabric crafts, quilted items; ceramics, dried and silk arrangements, pottery, porcelain, hand-maid baskets, stained and etched glass, block printed, tie dyed, hand painted and stenciled clothing for children and adults, metal sculpture, leather crafts, outdoor furniture, and much more.

Many of the booths are exhibitors of many years.

## An equal education for everyone

Recently I was pleased to welcome Monticello native and U.S. Secretary of Education Rod Paige back home to Mississippi. He spoke to 6th and 8th graders in Pascagoula, observing them and taking some thoughtful questions from the students. It was a real honor for me to have the U.S. Secretary of Education visit the school I had attended and which now bears my name, but, more important-

### From the Senate

By U.S. Sen. Trent Lott

ly, it was thrilling to have this particular education secretary here. A former football coach at both Jackson State University and Texas Southern University, and the former superintendent of the Houston, Texas, public school system, Secretary Paige was a nationally-acclaimed educator long before being selected by President Bush as the nation's top teacher, responsible for implementing the historic "No Child Left Behind" education program. This plan is

demanding new levels of accountability for both students and faculty, putting America's education system back on the right track. The fact that it's being led by a man raised in Monticello, Mississippi, shows that America truly is a land of opportunity, but we've still got work to do to ensure all children have equal educational opportunities and are not left behind.

My mother taught in public schools. I am a product of public schools. I sent my children to public schools. Back in the 1980s, I even went against the conventional wisdom of my constituents and voted for establishing a federal Department of Education. I did so because, as a public

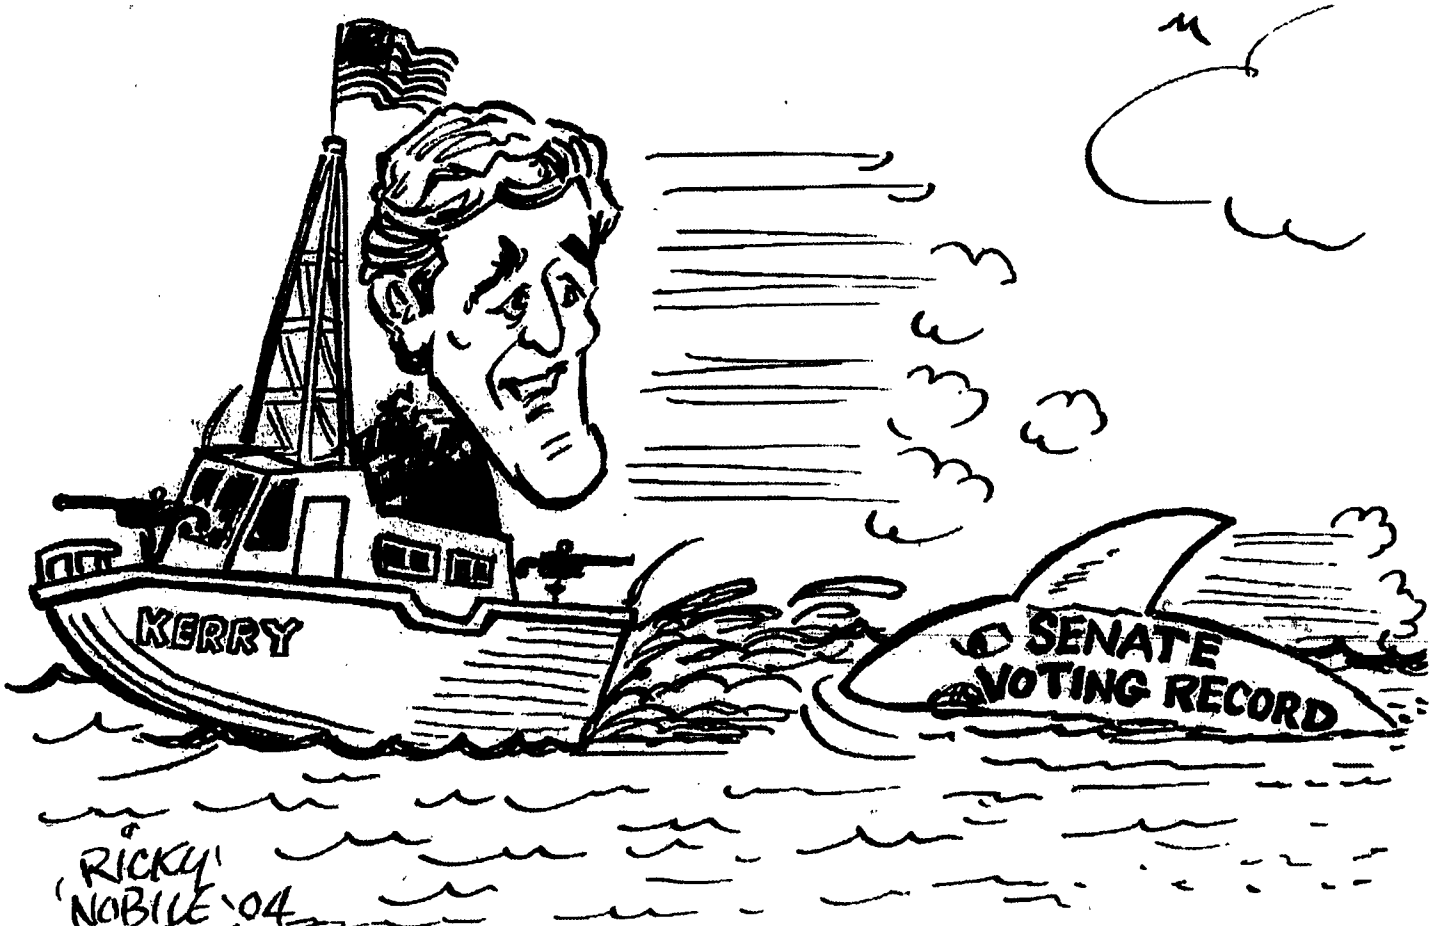

official who helps promote Mississippi to business and industry, I've learned how important education is to securing new jobs and new opportunities. Though education is primarily the function of state and local governments, its importance to America's development demands federal responsibility.

Today that federal role is focused on more standards and accountability.

People who really have the interests of our children at heart welcome new educational standards demanding accountability and more extensive testing which have been a major thrust of President Bush's education

One concern for American educators today is teaching financial literacy to students. Too many young people graduate high school with little practical understanding of money management, savings, investments or taxes. Just a couple of years ago, headlines raised the alarm with stories about how "soon-to-graduate" high school seniors on average answered correctly only 50.2 percent of 31 questions about personal finance and economics.

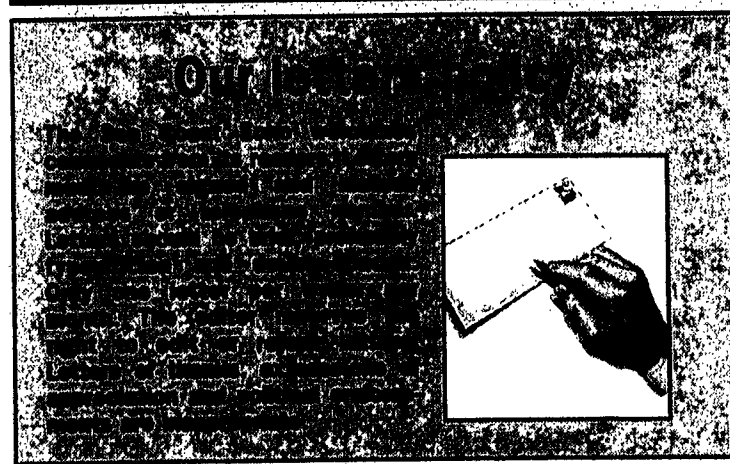

One of the real-life financial subjects that high school students should know more about is Social Security, which touches the lives of nearly every American. Too many young

adults only learn about the program when they begin work. Many find that they are paying more in Social Security taxes than in federal income tax, and are bewildered about what the money goes for.

Social Security believes that young people should understand the basics of the program before they start working and therefore has special information materials available for students, teachers and parents.

For example--  
\* Social Security and You is a set of materials for high school students. Social Security and You is geared to the interest level of young people about to enter the workforce. It is designed to help students develop knowledge and skills necessary for successful living. It consists of five lessons, plus an overview lesson.  
\* Younger children

can begin to understand the concepts of savings and retirement by visiting a special website called Kids Place at [www.socialsecurity.gov/kids](http://www.socialsecurity.gov/kids). Kids Place is an age-appropriate, activity center that teaches important lessons while the children are having fun.

We have even included a webpage for moms and dads that explains family-related Social Security issues. It is called Parents' Place and reminds parents of such things as who can get benefits on their Social Security earnings record; and how to get and use Social Security

information in planning family financial security.

All of these materials and more are available at the Social Security website at [www.socialsecurity.gov](http://www.socialsecurity.gov). Without financial education, young people may only learn about money from the school of hard knocks.

plan. To ensure that the school on Maple Street is just as good as the one on Main Street, and that every student gets a quality education, we have to test more to better measure achievement. There's simply no other way to ensure better educational opportunities for everyone.

We've got to eliminate the disparity among schools in America, especially for those schools in Mississippi. As a resident of Pascagoula, I'm proud to say that middle school students there have the highest algebra test scores anywhere in the state. But, as your Senator, I cannot be satisfied until every Mississippi child has access to a high quality school, and right now that's not the case. As Secretary Paige pointed out, in today's economy it's not good enough to have some students in America getting a world-class education while others fall further behind.

Families make huge decisions every day about their future, based just on schools. So do employers. We can look around and see this happening. Some communities are growing because their schools are good. Towns, cities and counties have lost population or gained it simply because of the reputation of their schools. We're learning that

big schools with big facilities aren't always good schools and that there's more to education than just throwing money at schools.

Secretary Paige left us with this point: He said America spent \$500 billion on elementary, secondary and collegiate education last year, more than we spend even on national defense. With taxpayers spending that kind of money, it's not too much for them to expect third graders to actually read at third grade level. It's not too much to provide parents, students and faculty with measurements to show where there are strengths and weaknesses - snapshots of performance that help us envision improvements.

To do less would be unfair to those who've paid that \$500 billion and even more unfair to America's children. Whether we have children in school or not, every American should be concerned about education and ask: Is the school down the street one of the good ones? If not, let's look at the test results and see how we can make it better.

Congratulations are in order for Bay-Waveland Yacht Club sailors who returned the Lipton Cup back to the local yacht club in the 85th Gulf Yachting Association's Sir Thomas Lipton Challenge sailed on Lake Ponchartrain over the Labor Day weekend.

Bay-Waveland's sailors were Zak Fanberg, skipper and crew Kippy Chamberlain and Gary Taylor.

There was a total of 24 yacht clubs from Houston to Panama City competing for

the Sir Lipton Trophy, so there was a lot of competition for our local sailors.

Congratulations again to Bay-Waveland Yacht Club, whose sailors over the years have captured the annual Labor Day trophy numerous times.

P.S. The Sir Lipton Trophy is proudly displayed at the Bay-Waveland Yacht Club.

This week it seems all eyes are keeping tuned to Hurricane Ivan, which is not too far away.

During the past month it has been one hurricane after another to keep an eye on for folks along the Gulf Coast.

## Clarification

In an article that appeared in the September 9, 2004 issue titled, Proposed '04-05' Waveland budget includes millage rate hike, it was stated an additional \$3.50/month fee would be added to the sewer bill. The \$3.50 fee will actually be added to the wastewater treatment bill.

The article also stated

that single people should see no increase in their water bills, meaning those living alone such as seniors or those with low water usage.

## Triumphant Christian Center conducts first baptismal service

Six new members were baptized at Triumphant Christian Center on Sunday, August 31. Those baptized include: Danny Williams, Eddie Naquin, Jr., Annelore Ortiz, Anthony Ortiz; Sierra Williams; and Courtney Williams.

The church is located at 1807 Waveland Avenue and is co-pastored by a husband and wife team, Duke and Jan Levy. Because the church building does not have an inside baptistery, the candidates were baptized in the swimming pool at the residence of Pastors Duke and Jan.

Triumphant Christian Center was organized in January, 2002 and began with 13 charter members. Including the six new members, the church has tripled in membership in two and a half years. Members include a medical doctor, nurse, engineer, electricians, plumbers, children and housewives. Visitors to the

church express pleasure from the warmth and friendliness they encounter when visiting. Members appreciate the informal worship services, not following a more structured service of other churches.

Services include Sunday morning worship at 10:30 A.M., Wednesday night service at 7:00 P.M., and every second Friday night of each month "School of the Holy Spirit" beginning at 7:30 P.M. The church's mission statement is "T.E.A.M." - "T" for teaching the uncompromising word of God; "E" for equipping the saints; "A" for activating the believers; and "M" for ministry outside the four walls of the church (Membership Ministry).

Pastor Duke and Jan state their goal for the new church is to "claim Waveland and the Gulf Coast area For The Kingdom of God."

## NASA-funded scientist wins prestigious presidential award

### THE SEA COAST ECHO

Dr. Carlos Del Castillo of Slidell, La., is one of three NASA-funded scientists who received the Presidential Early Career Awards for Scientists and Engineers (PECASE) today at the White House.

Del Castillo, an aerospace technician with the Earth Science Applications Directorate at NASA Stennis Space Center in South Mississippi, will soon complete a one-year assignment with NASA's Ocean Biology and Biogeochemistry Program in Washington, D.C. He received the award for his research proposal, "Carbon Transport by the Mississippi River Plume."

The National Science and Technology Council (NSTC) awards represent the highest honor bestowed by the U.S. government on scientists and engineers beginning their independent careers.

They recognize recipi-

ents' exceptional potential for leadership at the frontiers of scientific knowledge. The NSTC only bestows the PECASE award to an individual once during his or her career.

"NASA is honored to have such promising researchers among our ranks of pioneers," said NASA Administrator Sean O'Keefe. "It is the work of these talented individuals and others that will propel us forward to carry out our exploration of Earth and the universe beyond."

The other NASA recipients and their winning research proposals are:

\* Dr. Stuart D. Bale, assistant professor, Space Sciences Department, University of California, Berkeley, Calif. "An Investigation of Solar Wind Coherent Structure and Turbulence Using Wind Spacecraft Instruments."

\* Dr. Sarah Stewart-Mukhopadhyay, assistant professor of Planetary

Sciences, Harvard University, Cambridge, Mass. "Experimental Investigation of Porosity and Volatility in Impact Processes."

The PECASE awards were created to foster innovative and far-reaching developments in science and technology, increase awareness of careers in science and engineering, give recognition to the scientific missions of participating agencies, enhance connections between fundamental research and national goals, and to highlight the importance of science and technology for the nation's future.

The recipients receive funding for their projects. For information about the PECASE awards on the Internet, visit: <http://www.ostp.gov/html/pecase2002.html>

still preparing for that to change. Brian Adam, chief of Hancock County Emergency Services, said that "As of 4 p.m. Friday, Ivan was altitude 17.0 North, 76.2 West, 80 miles south southeast of Kingston, Jamaica. Moving to the west-northwest at 13 miles per hour. Maximum sustained winds have decreased to near 140 mph. Hurricane force winds to 60 miles, storm force winds at 175."

Adam said he had a meeting with Hancock County officials Friday afternoon. He said was he confident that all the emergency agencies were prepared.

"It was a good meeting," Adam said. "Everyone knows we can't take our eyes off it."

Until the storm makes its projected turn Northeast, Adam said they would be watching the storm very closely.

"Until it turns, we have to pay attention," he said.

Adam said that because Hancock County has very limited shelter space, residents should have an evacuation plan ready just in case the storm continues heading northwest.

Linda Rouse, director of Harrison County Civil Defense, said her department was also watching Ivan very closely.

"The main thing we're doing is monitoring the storm," Rouse said. "We had a meeting with the city and county officials. If we've got a storm like Ivan, we're worried about all of the coast. A Category 4 storm would be

devastating."

Richard Marvil, chief of the Pass Christian Fire Department, said that while all citizens of the coast should be well prepared in these situations, it was important not to panic.

"I try to tell people to keep up to date with the weather. These last two or three storms hit (where they were predicted)."

Marvil also said that all the emergency service agencies were well-organized.

"We work really close with the Harrison county civil defense. We're gonna stay on top of it."

Nevertheless, Marvil said it never hurts to be ready.

"Have a systematic plan of what you're going to do in the event that (the Hurricane) comes," Marvil said.

## Schools -- superior

received from the businesses in the community."

Kopf said that he hoped next year would bring even more success for the district's students.

"We've got 4300 children in the district," Kopf said. "We're looking at each child as an individual. If a student scores are in the advanced category, they can still score high. The ones below advanced, and even proficient, need to be moved up."

The raw data from these scores was released several

weeks ago. Mississippi schools are given a period of time to review the scores along with the department of education before they become official.

Kopf said that there had been no changes to the district's scores. A complete listing of the district's scores can be found online at [www.mde.k12.ms.us](http://www.mde.k12.ms.us).

To celebrate the district's success, Hancock Middle, one of the schools that received a superior rating, held a "fun day," in which the students were allowed

to wear clothing of their choosing, and participated in various activities throughout the day. Guest speakers, including Admiral Tom Donaldson, director of Stennis Space Center, also made appearances.

"They sent messages on how important it is for students to get a good education," Kopf said.

Donaldson stressed the importance of science, and said he hoped some of those students would be working at NASA in the future.

gathered by both sides and presented at the public hearing in July.

This is the second time that Frommeyer, of Hancock Entertainment LLC, has canceled and rescheduled a public hearing on his appli-

cation. This time Frommeyer says his legal counsel, based out of Miami, cannot be present because of the approach of Hurricane Ivan. The first cancellation was blamed on travel plans.

All the expenses involved in the cancellation and rescheduling of the hearing will be at the expense of Frommeyer, said building official Mickey Lagasse. The county will not pick up the expense, he said.

## 'Magic School Bus' kicks up a storm at Lynn Meadows Discovery Center

Children can "mix" up their own weather, learn how to measure lightning and more as The Magic School Bus TM - Kicks Up A Storm, a 2,500 sq. ft. traveling exhibit exploring weather, visits the Lynn Meadows Discovery Center in Gulfport from September 18-December 18. The bi-lingual exhibit, based on the best-selling Scholastic Books and the ever-popular television series on The Learning Channel, was created by The Children's Museum of Houston and will travel to 36 cities.

Visitors can send miniature hot air balloons soaring to the ceiling or cook up some wind using convection currents. Creating unique weather tools to measure outside conditions and designing snowflakes using "ice crystals" offer visitors great learning experiences. At the Frizzle News Station, children can broadcast current weather conditions and report data about rainfall and temperature. In the Weather Observatory, families can measure wind force with a giant wind gauge and a fun windsock. Activating a water wheel, blasting air at suspended clouds and experimenting with heat on a variety of outdoor surfaces are popular activities in Ms Frizzle's Classroom. "Since we are in the midst of hurricane season", says Mary Cordray, Associate Director, "what better way for children and families to expand their weather awareness than through this dynamic, engaging exhibit." Ms Frizzle TM and her reptilian sidekick Liz will be making appearances often during the three months.

On opening Day, Saturday, September 18,

10:00-4:00, visitors can also enjoy a host of weather related art activities and science experiments in addition to the traveling exhibit and the exhibits in the Discovery Center. Children can design a hilarious hurricane hat; paint lightning strikes using straws; create "blowin' in the wind, socks; sing-a-long with WINGS performers; make a rainy day activity bag; listen to Ms Frizzle TM stories read by coast librarians and join in a weather-wise scavenger hunt. Sponsors for the grand opening event are Cellular South and Cable One. Coast 102 will have a live radio remote to promote the event. Admission for this special event is \$8.50 and \$2.50 for members.

The Lynn Meadows Discovery Center, one of the top 50 children's museums in the US, is open Tuesday through Saturday, 10:00-5:00 and Sunday 12:00-5:00. Admission to the Discovery Center and "The Magic School Bus-Kicks Up A Storm" is \$6.00 per person. Exhibit sponsors are Harrison County Board of Supervisors, The Sun Herald, WLOX-TV, Dupont, Pepsi and Lamar Advertising. During the three months of the exhibit, Friday Nights are free to the public from 5:00-8:00.

The Magic School Bus TM Kicks Up A Storm exhibit was created with cooperation from Scholastic Entertainment Inc. and is circulated by the Children's Museum of Houston with major funding from the National Science Foundation, www.scholastic.com/magicschoolbus. ## St. Stanislaus silences Long Beach Bearcats 28-7

BY JOSEPH W. GEX II  
Staff Writer

The St. Stanislaus Rock-a-chaws got back on the winning track on Friday with a 28-7 win on the road against the Long Beach Bearcats. SSC improved to 2-1 on the season while the loss knocked Long Beach from the undefeated ranks at 2-1.

The majority of the first half was scoreless as each team had miscues of their own that stalled drives. Each team was intercepted twice in the first half and SSC added another turnover following a completed pass that was knocked loose.

The Rocks scored twice in the final five minutes of the first half to go into halftime with a 14-0 lead.

SSC scored with 5:44 left in the half when Brennan

Thomas returned an interception 74 yards for the score. Bryce Morreale's PAT made the score 7-0.

Two big hits by Jordan Ellis and Brennan Gordon stifled the Bearcats on the ensuing possession which forced Long Beach to punt.

The Rocks were unable to put anything together on their next possession and were forced to punt away, as well. However, SSC pinned Long Beach at their own 15 yardline aided by a Bearcat penalty on the return.

Ellis came up with two big stops for SSC on defense and forced the Bearcats into a punt situation. Dusty Hoffpaur broke through the line and blocked the Bearcat kick and the Rocks recovered at the Long Beach 17 yardline.

Josh Duplessis added a first down for SSC with a

run of 10 yards. Two plays later, Lance Cuevas called his own number and scored from 7 yards out with :15 left in the first half. Morreale connected on the PAT and the score was 14-0.

Long Beach started the second half on offense but Ellis and company made sure Long Beach had to punt away. SSC had a 34-yard gain on their first possession when Cuevas connected with Stefan Sofianos. But, the Rocks turned the ball over when they could not convert on fourth and short. Thomas recovered a Bearcat fumble that was caused by Ellis when he hit Clayton Stevens in the backfield. Two plays later, SSC was in the endzone. Lee Klein powered his way forward for nine yards. Cuevas connected with Sofianos for a 27-yard

touchdown on the next play with 6:39 left in the third quarter. Morreale made the score 21-0 with his PAT.

On the second play from scrimmage on the ensuing Bearcat possession, Long Beach was intercepted by Chad Boos. SSC mounted an 11-play drive but turned the ball over on downs.

The Bearcats followed with their most successful drive of the night. Long Beach went 11 plays and eventually scored on the drive that was kept alive by a pass interference call on SSC. Ira Smith scored from 12 yards out with :48 left in the third period. Justin Thompson made the score 21-7 with his PAT.

The two teams traded possessions before SSC got the ball back and scored on their possession. The eight-play drive consisted of six

rushes by Duplessis who broke free for a 29-yard scoring run with 5:12 left in the game. Morreale made the final score 28-7 with his PAT.

The teams traded possessions to run the clock out.

SSC head coach Casey Wittmann stated, "As bad as we played, it shows what type of team we have. Even with the miscues we made in the first half, the players showed a lot of resolve and were determined to get this win. As a staff, we feel that we left some opportunities on the table. We ran the ball well as a team; however, in the passing game we had a number of dropped passes. We have to get back to work on the practice field and get ready for Ocean Springs next week."

Duplessis led the Rocks on the ground with 122

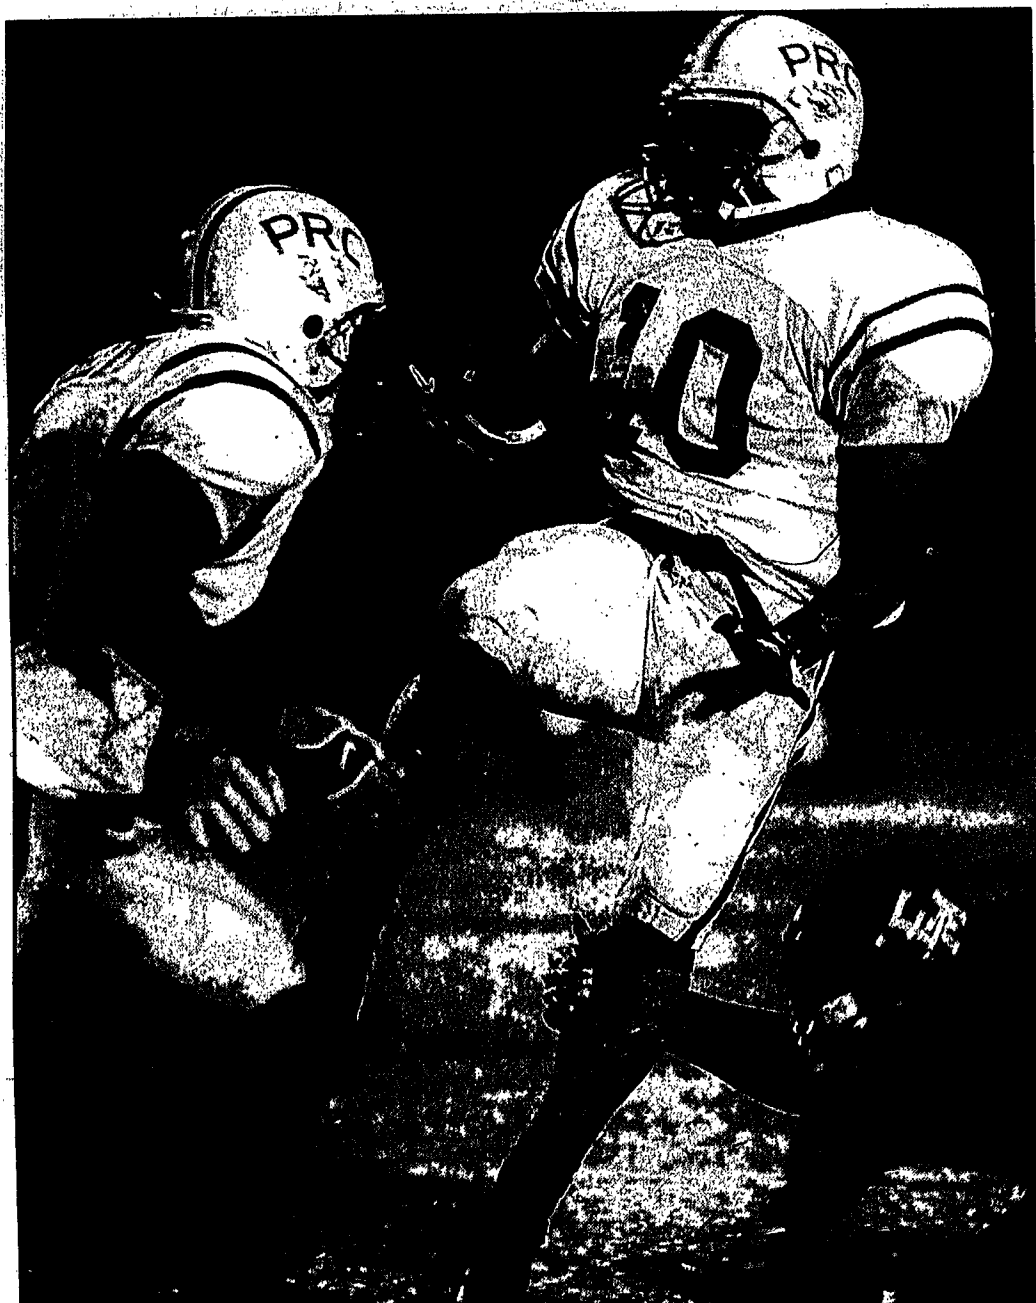

yards on 19 carries and a score. Cuevas passed for 129 yards on 9-of-22 passing with 2 picks and a score.

Defensively, the Rocks were led by Jordan Ellis with 10 tackles and a forced fumble. Lee Klein added 9 tackles with 2 sacks. Brennan Thomas had three tackles, a fumble recovery, a pass break-up that led to an interception and a 74-yard interception return. The Rock-a-chaw defense held the Bearcats to just 108 yards of total offense - 28 yards rushing and 80 yards passing.

The Rocks return to the Brother Philip Memorial Athletic Complex as they host the Ocean Springs Greyhounds 'in between the walls.' The Greyhounds defeated the Hancock Hawks 42-0 on Friday.

Game time is set for 7pm.

## Greyhounds race past Hawks 42-0

BY DWAYNE BREMER  
Contributing Writer

Every year for the last six years the Hancock Hawks have defeated the Ocean Springs Greyhounds. The Greyhounds have had some rebuilding years in the past, and have made for easy victories over the years. This year is a different story however, and Friday night the Greyhounds (3-0) showed just how far they have come.

The Greyhounds totally dominated the Hawks 42-0, and showed off for their home crown in the process. The Greyhounds, who were ranked #10 by the Associated Press in this week's poll; ran through the Hawks for 433 yards of total offense. Senior Travis Williams, one of the top running backs in the state, led the way by rushing for 111 yards and passing for 134 more. Wide receiver Jarel Preston caught five passes for 176 yards and three touchdowns.

It was not all bad for the Hawks, however. The Hawks started four freshmen, and the young team maintained their hard work and good attitude in the face of a superior opponent.

"I am disappointed with the results, but these kids are really giving 100%, it is just going to take some time," said Hawks head coach Walt Esslinger.

The Greyhounds exploded for three first quarter scores. On the first play of the game, Williams took a reverse and threw downfield for Preston who hauled in the pass, and scored a 65-yard touchdown.

On the next Greyhound

drive Williams took matters into his own hands, as he scored a two-yard touchdown.

The Greyhounds scored their third touchdown of the first quarter, when John Tosch found Richard Dickson for a 15-yard pass and catch. After the first 12 minutes the Greyhound led 21-0.

Williams and Preston connected once again in the second quarter. This time it was a 44-yard touchdown that gave the Greyhounds a 28-0 lead.

The Hawks would play a better second quarter, as they picked up the pace on offense and defense. Braxton Necaise completed his only pass of the game, on a nice screen pass to Ronnie Thomas that netted 14 yards. Freshman Chase Mciver ran for eight yards and a first down, and Jonathan Lacoste made six tackles in the quarter. The Hawks would trail 28-0 at the half.

The Greyhounds continued the assault early in the third, when Tosch hit

Preston for an 18-yard score, Preston's third of the game.

Williams capped off the scoring for the Greyhounds early in the fourth, as he scored on a 12-yard run. The point after by Mike Prinicotta gave the Greyhounds a 42-0 lead.

The Hawks were held to just 84 yards of total offense and four first downs in the game. Ronnie Thomas ran hard for the Hawks, collecting 39 yards on 12 carries. Andrew Smith picked up 25 yards on 9 carries.

On defense, Senior Jonathan Lacoste played his best game of the year.

Lacoste collected eleven tackles. Senior E.J. Jarvis also played solid on the defensive line.

Mark Fairley has three pass break-ups, and freshmen Brently Necaise and Mciver also had solid games.

The Hawks will be back at home for three consecutive weeks. The Hawks will face Gulfport, Brandon, and Oak Grove at Brett Favre Field "The Nest."

## Bay High scores Homecoming blowout over PRC

BY MAURICE SINGLETON  
Contributing Writer

The word blowout in an area newspaper may have provided some of the motivation for an all out assault in the Bay High Tigers' 41-7 - near shutout - win over previously unbeaten Pearl River Central at McCullough Stadium on Friday night.

Pearl River Central came into Bay St. Louis favored over the Tigers with a highly-touted running back in Seth Hayden who had averaged more than 300 yards per game after two games. And the Tigers remembered him from when as a junior, he led his team to a 59-31 victory and rushed for over 200 yards in Carriere last year.

But on Friday night, this was a totally different Tigers football team than a year ago. From the start, this team of Tigers attacked the Blue Devils at every opportunity, whether they had the ball or not, or kicking or receiving. This team of Tigers were roaring and ready for whatever and whoever was in front of them. And they held the sensational Seth to a mere 13 net rushing yards on 12 carries.

Once again, the linebacking corps of Trevor Adam, Kyle Moran and Cory Thornton, and the defensive line, made up of Brad Ladner, Steven Dauenhauer, Jake Johnson and Teddy Morris were key, swarming and making stinging tackles.

"We knew coming in that the key was to try and stop Seth Hayden," said Tigers

Bay High Running Back Antonio Hawkins (8) picks his way through the Pearl River Central defensive line.

Bay High Quarterback Corbin Blaize (14) sets up for a pass over the Pearl River Central defense.

coach Brennan Compretta. "He is an unbelievable running back. Our game plan

was to contain him. "Our kids came out fired up from the beginning and

a net 130 yards on 24 carries, two touchdowns and a bunch of ticks off the clock.

For the third time in three games, Lorenzo Lewis returned a punt for a score. And if one punt return for a score a game isn't enough, he did it twice on Friday night, one time in each of the first two quarters.

Lewis scored the first touchdown of the night on an inverted-J run, starting backward to avoid tacklers and then looping around for a spectacular 79-yard run at the 8:15 mark of the first quarter. Moran's PAT kick gave the Tigers a 7-0 lead.

Hawkins compounded the lead with a 2-yard run on third-and-goal with 10:59 remaining on the second quarter clock. Moran booted the PAT for a 14-0 lead. Two minutes later, Lewis returned his second punt of the night for a 65-yard scoring trot. The Tigers led 21-0 after Moran's PAT kick.

Blaize broke free left from pressure in the pocket and avoided tacklers near the Tigers' sideline and hit Steven Dauenhauer on stride for a 38-yard scoring toss to close out the first half scoring at 27-0.

And the intensity continued as the second half started. Freshman Cory Gillum forced a fumble on the Blue Devils first snap with a jaw-jolting hit of Hayden. Brad Ladner recovered for the

Tigers at the visitor's 49 yardline. Chris Cannon capped the subsequent 7-play drive with a 30 yard scoot around the right side for the score. Moran's PAT kick gave the Tigers a 34-0 lead with 8:23 to play in the third quarter.

Unable to move the ball on the ground, the Blue Devils came out passing in the second half. After misfiring on his first three pass attempts of the third quarter, Derek Tortorich connected with Hayden for a 37-yard scoring toss for the Blue Devils' lone score of the night.

Hawkins scored his second touchdown of the night, capping the Tigers opening drive of the fourth quarter with a 3-yard run for the score. Moran's PAT kick closed the game's scoring.

"It's a huge win for us," Compretta explained. "Historically, Bay High hasn't done well against Pearl River Central. Considering how good that offense is, this is a big win. It's going to give our kids a lot of confidence going into district." The Tigers begin district play next Friday evening at J.D. McCullough Stadium as they host Pass Christian at 7 p.m.

## Pirates fall to St. John 28-19

BY STEVE SMITH  
Contributing Writer

A much improved Pass High Pirate football team went toe-to-toe with St. John Friday night, demonstrating offensive power that had been lacking in two previous games. The Pirates came up short on the scoreboard, however, losing 28 to 19.

St. John returned the opening kickoff to the 44-yard line and used 10 plays to cover the distance to the Pirate goal line, with Antonio Hayes making the key play on fourth-and-two from the Pirate 25-yard line. Hayes, breaking tackles, ran for 22 yards, setting up a first-and-goal at the Pirate 3-yard line. Hayes picked up another yard on first down and quarterback Paul Roberts took it into the endzone on a quarterback sneak.

The PAT kick was good and St. John led 7 to 0.

The Pirates returned fire with an 82-yard drive that displayed Pass High's wealth of talent. After two short runs from Chad Moore and Jaren Bowser, Moore ran for 15 yards and a first down at the 36-yard line and followed with a 34-yard pass to Brandon Riley for a first down at the St. John 30-yard line. An illegal block infraction nullified

another 20-yard Moore run, but first faking to Bowser, Moore ran for 30 yards and a touchdown on the following play. The kick was good and the score was tied at 7 to 7.

The Pirates stopped St. John on the next series, but the Pirates were backed up to their own 7-yard line and couldn't manage a first down. St. John returned Brett Sanders punt to the Pass 36-yard line.

Brandon Riley's interception of a fourth down pass ended the threat and the Pirates took charge, marching 63 yards to score on a Chad Moore run from the 5-yard line that was set up by a 44-yard pass to Aaron Saucier.

The PAT failed and the Pirates led, 13 to 7.

St. John returned the kickoff to the 47-yard line and in only four plays moved 53 yards to score on Antonio Hayes' 25-yard run. The PAT was good and St. John led, 14 to 13.

Following a good return by Brandon Riley, the Pirates drove to the St. John 14 before running out of time. A field goal attempt missed and the half ended with no further scoring.

The Mighty Pirate Marching Band entertained the crowd with music from the "Blues Brothers" and

Santanna.

The Pirates received the second half kickoff but couldn't sustain a drive and punted away. Stopping St. John cold and taking over on downs, the Pirates were set to seize the moment when a fumble gave the ball back to St. John.

Pirate defense forced a St. John field goal attempt, which failed, and the Pass offense sputtered as the quarter ended and the Pirates punted away.

The fourth quarter belonged to St. John as they scored two touchdowns before four minutes had elapsed in the final quarter, first on a punt returned for a score by Kyle Bartholemew and second, after a Pirate fumble, on a 29-yard run by Ramon Martin, bringing the score to 28 to 13.

The Pirates answered with a Jaren Bowser touchdown run with 1:42 remaining, but failed on the two point conversion attempt, ending the scoring with St. John ahead 28 to 19.

The Pirates had 15 first downs on 179 yards rushing and 132 yards passing to St. John's 16 first downs, 278 yards rushing and 23 yards passing. The 0 and 3 Pirates face Bay High in the District opener at Bay St. Louis on Friday.

## Tigers make great gardens

### Southern Gardening

by Norman Winter  
MSU Horticulturist

**T**he Bengal Tiger is well-suited for the back of the perennial border. Combine them with sun coleus, Joseph's coats, and blue flowers like salvias or climbing thunbergias.

This time of year, you should have a tiger making a terrific statement in your garden. The tiger I am referring to is one of the hottest cannas anywhere: the Bengal Tiger.

Bengal Tiger canna, also sold under the name Pretoria, is not new, but the interest in this variety probably surpasses what it saw at its debut.

Bengal Tiger produces lush, tropical, banana-like foliage with green and yellow variegation. That alone would warrant growing the plant. But it also produces exotic-looking orange flowers and reaches 4 to 5 feet in height.

The plants are tough, thriving for years in soils that range from soggy to dry and upland. The best blooming will occur in full sun, though partial shade is tolerated. While the plants can thrive in soggy conditions, they will be more cold-hardy in soils that are fertile yet well drained.

Amend tight, heavy soils with 3 to 4 inches of organic matter like peat or humus, and till to a depth of 6 to 8 inches. While tilling the soil, incorporate 3 pounds of a 5-10-5 fertilizer per 100 square feet of planting area.

We normally plant rhizomes in the spring, setting them 3 to 5 inches deep and 12 to 18 inches apart. Container-grown plants can be planted anytime, and these are planted at the same depth as they are growing in the container.

Feed established plantings in the spring with the emergence of growth and again in mid-summer with 2 pounds of something like a 12-6-6 per 100 square feet of bed space.

Use taller cannas like Bengal Tiger in the background and short cannas in the middle of the border. They are great around water features.

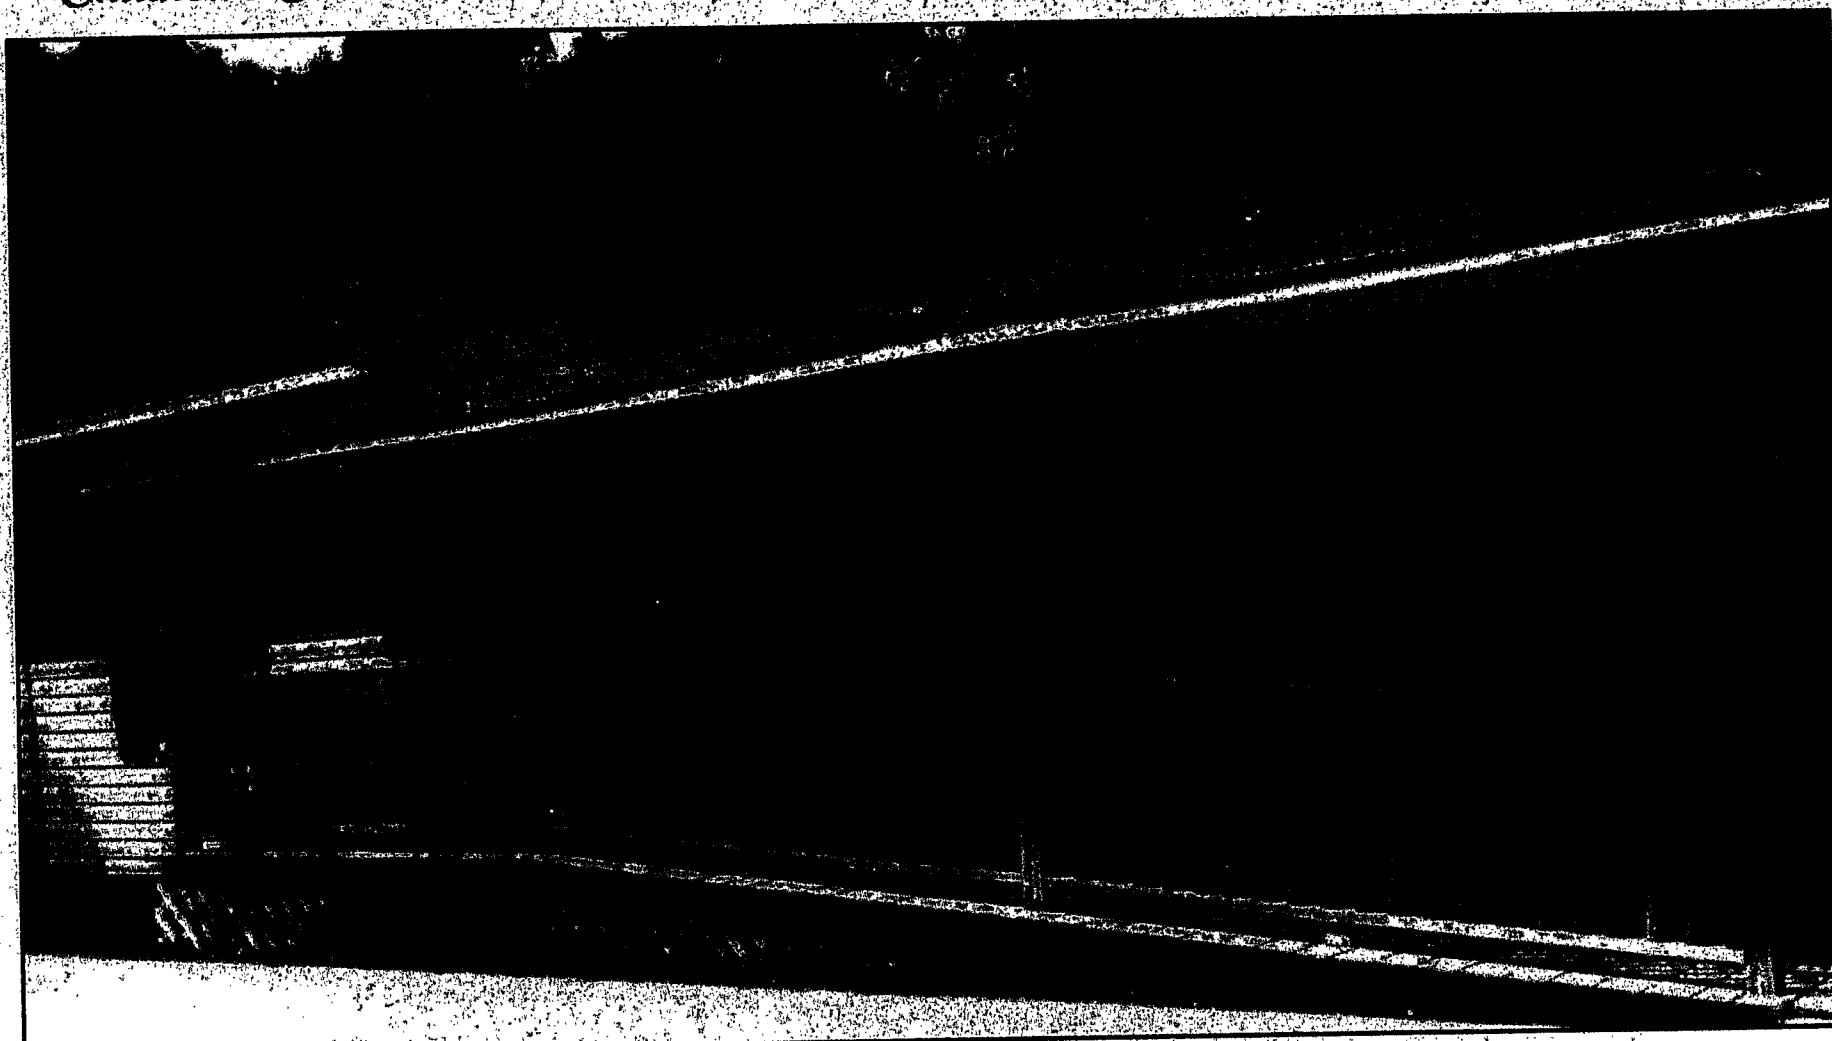

For the best landscape effect, mass-plant beds with

The Hope Haven Children's Shelter for Neglected and Abused Children at Waveland.

## Hope Haven Children's Shelter celebrates its 10th anniversary

BY BENNIE SHALLBETTER  
Staff Writer

**I**n October, Hope Haven Children's Shelter for Neglected and Abused Children will celebrate their 10th year in existence. The shelter has come a long way since its humble beginnings as the dream of a handful of dedicated women. Thousands of local children have been saved from abusive situations and spared the added heartbreak of a separation from their siblings, because the shelter has been there to offer them a place to be safe.

Even today, though, many people continue to either ignore or even deny the existence of abuse, perhaps because they just can't, or don't want to imagine, that such terrible betrayals could happen. But the dedicated people of Hope Haven know the truth all too well, they are the ones who see children

who have been beaten, starved, burned with cigarettes, sexually abused and more by the very people they trust and look to for guidance.

They come from shacks; they come from mansions; they come from everything in between, but they all have two things in common. They are innocent victims

Carole Ripley and Mary McLaurin were two of the original four founding members of Hope Haven Children's Shelter. Carole served as treasurer and Mary served as vice-president of the organization.

Lois Griffin and Bobbie Barr knew that something had to be done to help the innocent victims of abuse. Lois served as secretary and Bobbie served as president of Hope Haven Children's Shelter and are two of the original founders.

When career hairdresser Lois Griffin was recruited by her friend and client Bobbie Barr to volunteer at

## The Tell-Tale Tail of the Redfish

**T**he woman got out of the kayak and Stella and I walked down to watch her pull it up on the beach.

"How was it?"  
"A flounder, a couple bites, nothing else."

Stella looked over the kayak enviously. The woman was a friend that lived on the next street over from us, Aiken Road. She had rigged her kayak for fishing. It was light, easily launched and her efforts had made it into an excellent platform from which to catch fish.

Stella's recent knee surgery has kept her from her main joy, wade fishing. So she has been ashore for much of the summer watching people like our friend fish the shallow areas that she usually wade fishes. The doctor has said a couple more

months, but I can tell Stella feels the summer fading and with it the days of good fishing.

## Swaykos off to running start as new director of Center of Higher Learning

**THE SEA COAST ECHO**  
 After 28 years as a naval oceanographer, Joe Swaykos was ready for a change — and now he has it.

Swaykos began work as director of the Center of Higher Learning at the John C. Stennis Space Center earlier this month. While he officially retires from the Navy in November, he's already hard at work laying out plans to promote what is already a stellar organization offering educational and research opportunities to Stennis employees and the community at large.

"We're definitely open for business," Swaykos said. "Don't think you can't use our facility because we're at Stennis. Just give us a call, and we'll show you what we have to offer."

Part of what CHL has to offer is a new \$1 million High-Performance Visualization Laboratory featuring three-dimensional RAVE units which project digital data into 3-D. This capability allows scientists, researchers, real estate agents, physicians — anyone with an interest in seeing detailed representations of data — an unparalleled view of their work.

"You don't have to be a traditional scientist to benefit from this laboratory," Swaykos said. One prime example of an excellent use of the laboratory is for Homeland Defense planners. "They can project their targets from every possible view—aerial, street-level, from a car or boat. If you didn't use the Visualization Lab, you'd have to manually go to these perspectives, costing labor and money."

Swaykos has already been approached by an area realtor to project plans for a new structure in the surrounding community.

"That's the beauty of being co-located with the leading minds in earth sciences," he said. "We can get the data you need or contract for it."

The top priority for Swaykos in his first days in

Joe Swaykos

office was to get the fall semester at Stennis Space Center off and running for the start of classes Aug. 23. With that accomplished, he is now turning his sights to total customer satisfaction.

Whether the industry is education, health care or some other service sector, Swaykos, goal is to go beyond meeting the needs of the customer, to make people feel good about the organization.

"A lot of people still don't realize that they don't have to be an employee of Stennis Space Center to take classes here," Swaykos said. "One of my goals is to raise awareness of our services to the community."

Swaykos is a strong proponent of education. He came to his current position from chairmanship of the Department of Oceanography at the U.S. Naval Academy in Annapolis, Md. With two children in college and a third about to go, Swaykos said he appreciates the significant investment people make to education. "But it is so important not only professionally, but personally."

That is why Swaykos and CHL are planning major educational outreach to Stennis and the surrounding community.

A primary objective is to coordinate professional seminars featuring world-renowned educators, leaders and scientists. One of the seminars Swaykos has in mind will discuss embracing change.

Change is inevitable and

continual, whether it is in a person's personal or professional life, he said. "There's a mind shift that has to take place so that an individual doesn't see change as a threat, but as an opportunity."

Certainly change has been in the headlines on the Mississippi Gulf Coast, from "smart growth meetings" to construction sites dotting the landscape. Swaykos believes a new curriculum

embracing change could be a valuable tool to make change a positive force in the community.

Having recently experienced a large change in his own life, Swaykos said he is very happy to be relocated on the Gulf of Mexico.

"My wife and I love the beach," he said. "During my career in the Navy, I visited Stennis at least two dozen times, and I often thought it would be good to live here."

## AMR donates used ambulance to SMHS

**THE SEA COAST ECHO** American Medical Response (AMR), the ambulance service for Harrison and Hancock Counties, will donate a retired ambulance to the Humane Society of South Mississippi at a ceremony at 2 pm, Thursday, Sept. 9 at AMR headquarters, 12020 Intraplex Parkway, Gulfport.

Eric Aschaffenburg, vice president for HSSM will accept the vehicle from Chris Cirillo, director of operations for AMR's Gulf Coast Division.

After the emergency equipment is removed and the vehicle is reconfigured, Aschaffenburg said the Humane Society will use the retired ambulance to transport pets for off-site adoptions along the coast.

"We are excited and grateful for AMR's wonderful generosity. This vehicle will be configured to provide air-conditioned, safe transportation for our pets in hopes of finding them good homes in the coast communities," Aschaffenburg said. "This is one small way we can show our appreciation to the Humane Society for the excellent work they do on the coast," Cirillo said, adding, "We know they will put the vehicle to great use."

AMR maintains a fleet of 26 late-model ambulances and special use vehicles to serve Harrison and Hancock counties. The company also has several specialized emergency medical vehicles, Cirillo said, "When

we can, AMR is glad to donate critical tools such as 'retired' ambulances to non-profit organizations on the coast. This is the tenth donation of this kind we've made to organizations and public safety agencies on the Coast in the last 18

months."

"We are donating a 1997-model, Diesel-van-type ambulance, with an approximate value of \$4,500, Cirillo said. He added, "Like our other ambulances, we've maintained it well, so it should be reliable for a long

time to come."

American Medical Response, Inc. is locally operated in 32 states. More than 18,000 AMR paramedics, EMT's and other professionals transport over four million patients nationwide each year.

## Detachment of Greed

More than one wise man has said that desire is the true source of suffering and illusion. Most often it isn't the objective facts of things that bother us, but rather our subjective views of these same things which cause us pain. For, if we did not desire things so strongly, we would undoubtedly suffer less. It is only because we like our favorite coffee cup so much that we distress over its inevitable breakage. But even more than this simple example illustrates, our attachment to things causes us to see them in a distorted way. Similarly, great hunger makes us see everything as food, or potential food.

Desire and attachment are like rose-colored glasses that we forget we are wearing. And thus, the businessman who thinks only of money sees everything as an opportunity for profit or loss; and, the forlorn lover sees everything as a potent reminder of their lost love. Man is desirous to the marrow of his bones, and the trail of the human serpent seems to cover everything; therefore, we should always be aware of this very human condition, and remember that real treasures are stored in Heaven.

Take heed, and beware of covetousness; for a man's life does not consist in the abundance of his possessions.

## Do you go tailgating at church?

Friday was not well underway when the news spotlighted jubilant, long-suffering LSU fans setting up their tailgating operations in Baton Rouge. Mind you, the game against the Oregon State Beavers was scheduled to kick off late Saturday afternoon.

SUVs, RVs and campers of every size and description had begun to move in on the parking lots of the famed "Death Valley" football field of the LSU Tigers. Loaded to capacity with a formidable assortment of meats, seafoods, seasonings, drinks, charcoal and grill/barbecue pits, the vehicles would be the fans, launching pad for fun, fun, fun.

In two shakes of a lamb's tail, the parking lot atmosphere began to come alive with all the hustle and bustle of a cookout ambience punctuated with the tantalizing aromas of grilled steaks, chops, various sausages, links, brisket, shrimp, oysters and fish. Rousing musical selections rounded out the festive, magical atmosphere of well-being and joy.

It was a foregone conclusion that Joe Kahn had to be there. The king of tailgaters, Joe Kahn's retired status springs him free to monitor and critique tailgating around the entire world of college and professional football. Can you imagine pursuing Joe's "job" of visiting many football cities in his motor home, cooking and sampling others, cooking?

Yes, it's that time of the year again when the expectations, enthusiasm and spirit of jubili-

ant celebration are off the chart for college football fans around the nation. Perhaps the most intriguing manifestation of these symptoms is the tradition of tailgating.

One of the most interesting aspects of tailgating is that it is eagerly pursued not only one or two days before the games, but also hours after the games, at least by many delirious fans who seemingly can never get enough tailgating, cheering and celebrating.

LSU's serious infection is symptomatic of virtually every college in the nation where fast approaching, long-awaited fall is the most magical time of the year, except for those special colleges

where the March Madness of basketball is No. 1 on the sports menu.

So feverish and riveting is the delirium of college fans in hot, wide-eyed pursuit of sports that the considerable delirium of professional sports pales by comparison. And football widows know well the scope and depth of the NFL obsession of their spouses.

Well, where does tailgating fit into the spectrum of our celebrations of life? Do tailgating and other celebratory phenomena of college and professional sports translate into the joys and celebrations of the family events of birth, baptism, school, graduation, employment, church worship, marriage, sickness and death?

To answer that question with two more questions, is there any doubt that tailgating and related activities fit into the very high side of the spectrum

of life? On the other hand, have you heard of or witnessed any event in the lives of your relatives or acquaintances whose celebration is comparable to the exuberance and joys of tailgating?

Yes, some family events, such as reunions, sometimes approach tailgating in intensity and sheer joy. I remember family reunions on my mother's side celebrated far out in the country in Loreauville, near their birthplace in St. Martinville, Louisiana. It was a great adventure just to find the location amid the never-ending sugar cane and soybean fields.

Hundreds of milling relatives began about mid-morning with a traditional family roots Christian highlight at the celebration of a Mass in the local church where they pitched in heartily with the praying and singing. They were ready then for a huge outdoor cookout.

Cardboard boxes filled with fried chicken cooked in huge black cauldrons only began to tell the story of gumbo, dirty rice, barbecued meats, baked beans, baked macaroni, garden salad and assorted fruits and vegetables. And, of course, the ever-present music of the young mingled joyously with the Oldies But Goodies of the elders.

I have been present at or heard of similar family reunion celebrations of others, and it is always a heartwarming experience. Unfortunately, such marvelous celebrations are either not the rule or they occur as rarely as once a year, once every two years, or once every three or several years. Frankly, that is only a shadow of what happens in tailgating.

For the most part, even the family events celebrated with the most zest fall far short of what goes on with dyed-in-the-

wool tailgaters. Take the liveliest and most joyous of family reunion celebrations; make that a weekly event for an extended period of time, and you then have the near equivalent of intense tailgating which is an institution to itself.

Granted, tailgating as a frequent, ongoing practice is far easier to pull off, since it does not involve many families at once, and may involve just one family, just a few people, or even simply one or two people. So, logistical problems, which can be huge wherever we are trying to organize and mobilize scores or hundreds of people, is hardly an issue.

Church, of course, is but an extension of the family. Applying the same question to the churches, does the magical phenomenon of tailgating have any comparison to or any reflection in church services and liturgies, especially births, baptisms, puberty, school graduations, weddings, ordinations, religious professions, anniversaries and funerals?

Is it a question of misplaced priorities that the total dedication and joyful abandon of tailgating do not translate into equal celebrations in our families and churches? Or is it the blunt reality that the earthy allure and magnetism of physical attractions such as huge cookouts will hardly, if ever, be matched by the treasures of family and church?

Since when does anyone camp out hours, let alone days, before a scheduled church event? Maybe things would change if we started having some holy tailgating, including grills and all the goodies that go with it. Tongue in cheek aside, we need to adopt what Jesus says: "Where your treasure is, there also will your heart be." (Matthew 6:21)

## The "Word" for the Week

Dennis J. Prutow • Box 303, Sterling, KS 67579

## The patience of God

Human beings are notoriously impatient. We want things done right now or yesterday.

We often become impatient with our children, our husband or wife, the boss at work, our fellow workers or those who work for us. We then pray, "Lord, give me patience, right now!"

It's a good thing God isn't like that. Even though we neglect our duty to God, even though we neglect things like Sunday worship, Bible reading and prayer, God is patient with us. To put it on a more personal level, the Bible says, "The Lord is ... patient toward you, not wishing for any to perish but for all to come to repentance" (2 Peter 3:9).

In other words, God is exceedingly patient with you; and you should be very grateful for God's patience. Do you realize God is patient with you for a very special reason? God is patient with you because He wants you to repent. In the end you know that refusal to live your life by God's rules is sin. You also know your neglect of Sunday worship, Bible reading and prayer displeases God.

In response, God is patient with you. He wants you to turn back to Him.

God is giving you time, time to repent.

God also does not want you to perish. He does not want to have to punish you for your sins against Him. God is therefore giving you time, time to repent. Isn't it therefore time for you to turn away from sin and turn back to God?

## Haven -- children's shelter 10th anniversary

Continued from Page 1B

CASA (Court Appointed Special Advocate program) she never dreamed that the move would totally change the direction of her life, and the lives of many others. She saw case after case where children, who desperately needed help, were unable to get it.

One day three little girls, sisters, were brought through Hancock County Youth Court Judge Ann Williamson's court, said Griffin. They could not be sent home because of the charges of abuse and neglect against their caretakers. Each of the little girls, who were very close, Griffin said, was sent to a different place for care.

It just broke her heart, she said, to see the sisters separated, and she asked Williamson the reason for such a decision. It was then that she began to learn the short fallings of the social services system. There was simply no where for the girls to go, Williamson told

her. Not only that, but she also learned that Williamson had tried for years to interest people in filling the need for a shelter for these children, without success, or even interest.

She and Barr called friends Carole Ripley and Mary McLaurin, owners of Carole and Mary's Restaurant on Main St. and asked for their help. The two women knew just about everyone of importance in the county because they ate in the restaurant. They agreed to help and began to make calls to recruit for a meeting.

Funnily enough, Hope Haven Director Terry Latham's wife Ann was having lunch in the restaurant the afternoon of the scheduled meeting, and heard about it. She told her husband and he came to that first meeting held at Carole and Mary's along with many others, including news media.

The tone of that first

meeting was not very encouraging.

"People said it was tried before and there was no way four women could do it," said Griffin.

"People said it couldn't be done, but we were too ignorant to know we couldn't do it I guess," said Ripley.

The women continued to plan and spent countless hours meeting at the restaurant or at one or another's home, usually Carole's. They mailed out pleas for help, pleas for information, and pleas for donations, in envelopes stamped with postage bought from money out of their own pockets.

The cause was a personal one because most had known firsthand the terrible heartbreak of the crime of abuse. They all wanted to make sure that the children who needed their help did not suffer the same fate—one to listen, no way to escape, and no where to go for help.

"We just wanted to be able to help that little bit," said Ripley. "And let these kids know it is not their fault; let them know there is help; that they can talk to someone; that they should talk to someone."

"Many of the kids we see have been in the situation for a long time," said Latham. "And are sometimes overlooked by the system because of a lack of staff to investigate the problems."

That women were able to raise \$50,000, a lot considering the population of the county, but still not enough to make a go of establishing a permanent facility with a staff. They asked Latham to donate his grant writing skills to try for government grants. The group was able to purchase a house in Waveland, but it needed a lot of work.

Meanwhile, the four went right on helping kids however they could. That Christmas Ripley delivered

a Christmas package to a house, that looked more like a shed, than a house, she said. There were two little children and a baby with their mother. When she brought in gaily wrapped presents, she also brought in a package of diapers. The little boy didn't notice the gifts, she said. He was most excited that his little brother would have diapers.

Finally, requests for grants were successful and they were awarded \$250,000. A year and a half after the idea began, the women were able to open the doors to the first shelter. Even so, success was tough and go for quite some time. Private donations kept the doors open, with help little by little from local government and businesses, and finally the United Way. Fundraisers in the form of an annual show and a concert series added to the coffers.

Today, three of the original founders remain

friends. Barr has since passed away. The women say that the success of the endeavor came about by sheer determination, "we kept each other going," and ignorance, "we didn't know we couldn't do it." And they were not about to admit that the nay sayers could be right.

But many times, they say, only one thing could explain their success, a higher power. Too many times, when the need was there, a miracle came along to fill it, they say, as if someone were definitely watching over them, making sure that they could keep right on helping the children who were depending on them for a better life.

## Views -- Tail of the Redfish

Continued from Page 1B

telling Stella. "By the time she got to where she saw them tailing, they had moved off." Stella and she were soon at it, talking about fishing. Lures, bait, things like that.

I looked beyond the kayak, letting my eyes wander out to where a pelican's splash told me someone was having success. Then my drifting mind hung up and then raced back to that part of the conversation that involved redfish tailing.

Tailing?  
"You could see their tails?"

It took a second for our friend to realize what I was asking. "Yeah, in shallow water you can often see their tails when they're feeding. They're usually in a large group and you can see them a way off. It's fairly distinctive."

The wrong picture of what she was saying popped up in my mind: redfish darting about, moving so quickly that their tails twirled the water above them. But she was saying that you could see the tails sticking out of the water. It didn't make sense, but I was too embarrassed to ask any more questions.

Later that day, I fired off emails asking about redfish tailing to two friends who were also fishermen. I figured if anyone knew, they would, and their opinion of me as a fisherman was so

low that my query could not lower me any lower.

Everyone has friends like this, fishermen who seriously fish, who have that look in their eyes when they talk about fishing. One of the two friends I emailed is a neighbor. A week or so ago, he had walked down the street to the house to tell Stella about "the big redfish" he had caught. She wasn't home and, since he had to tell someone, I would do and he came in talking about his fish despite the fact that I told him I was listening to an interesting MPB radio program.

I finally turned the radio off and sat back as he detailed the frenzied fight the luckless 28inch red had given him. He had a picture of the fish and insisted I put it on my computer screen saver suite of random displayed pictures. Now, when I walk in my office I find on my computer screen either a stirring picture such as the Naval Battle in the Bay of St. Louis or a full color photograph of a very dead fish with a yardstick beside it.

This particular friend is a physical scientist and his email reply to me was short. Here it is:

• redfish like to eat things like crabs  
• things like crabs like to bury themselves in the sand  
• redfish dredge through the sand with their mouths looking for things like crabs

• redfish tails appear at surface if  $D/L_{\text{redfish}} < 1$ , where D is water depth and  $L_{\text{redfish}}$  is length of redfish

• person/boat can't get to redfish if  $D/L_{\text{person}} > 1$  OR  $D/D_{\text{boat}} < 1$

My other friend's email

answer was a little easier to follow:

"Tailing fish" refers to fish that are in sufficiently shallow water that their tails are actually out of the water. It is a common phenomenon among red drum feeding in the shallows.

They basically move along scouring the bottom for small crustaceans, worms and such, oblivious to the fact that their tails are exposed...

What was interesting about this second friend's reply is that he sent a pho-

tograph of redfish tailing. I have added it to my random screen saver pictures.

Now when I walk into my office and look at my computer screen, there is as good a chance of you seeing a live redfish displayed as seeing a dead one.

Advertising is an investment in the success of your business. Every business has some kind of competition, either within the town, nearby city or from mail order firms. Your potential customers are being courted by your competitors. If you do not invite those customers to do business with you, they are likely to forget you and buy elsewhere. It is not uncommon for consumers to switch their trading from one store to another. Advertising helps to keep old customers and equally as important, make new ones.

Our community is constantly growing which means that potential customers are moving into the market area all the time. Advertising gives these newcomers a reason to visit your store.

Most businesses budget for their advertising expenses just as they do for other necessities such as rent, phones, etc. Smart business people realize that advertising is imperative to keep their business growing.

Another reason to advertise is that advertising is news! You profit by telling our readers what is new in your store. Through advertising, you can let a wide audience know the product lines you carry, the quality of your merchandise, the completeness of your service and the character of your store.

If you have something to sell, then you have something to advertise. When you have nothing to advertise, you are out of business. Advertising is designed to build your business and works best when it is repeated regularly. Consistent advertising pays off!

Now that you know some of the reasons to advertise, you're probably wondering how you can advertise most effectively. Surveys show that ads in local newspapers have more impact than in any other medium. The Sea Coast Echo goes into the majority of the homes in Hancock County. The Sea Coast Echo is full of interesting reading, it is a part of our community. People like to read about people and The Sea Coast Echo is full of pictures and stories about local people. The most important reason to advertise in The Sea Coast Echo is that our readers are your customers.

If you're looking for the best advertising value for your money, then you should contact the advertising department at The Sea Coast Echo. One of our advertising representatives will be happy to discuss the many advertising options offered by The Sea Coast Echo. For more information you may call 467-5474, Monday through Friday 8am to 5pm, or stop by our office at 124 Court Street, Bay St. Louis.

Since 1892, The Sea Coast Echo is proud to be a part of your community

## Garden

Continued from Page 1B

Bengal Tiger in large drifts, and plant another variety of canna in an adjacent drift. They are also suited for the back of the perennial border or in large tubs.

Use the Bengal Tiger in tropical gardens with bananas and elephant ears. Combine them with sun coleus, Joseph's coats, and blue flowers like salvias or climbing thunbergias.

Canna leaf rollers are the most serious pest for this plant. They will cement the unfurling leaves together, then chew completely through them. Systemic insecticides can prevent them.

Alternately, cut the stalk and destroy it when it becomes unsightly. To keep a tidy appearance, remove spent flowers and seedpods.

This will also encourage repeat flowering. In the fall after the first frost, cut stems back to the ground. Divide clumps every three or four years to increase performance and prevent overcrowding. It is quite easy to multiply your stand for additional plantings.

The Bengal Tiger planting has become one of several great attractions at the Fall Flower and Garden Fest and the Truck Crops Branch Experiment Station in Crystal Springs, where it is growing with bananas and other topicals.

The Fall Flower and Garden Fest is the best free horticultural event in the Southeast and takes place Oct. 15 and 16 this year. Call (601) 892-3731 for more information.

### 'Everwood' stays creative to work around absent actress

By Jay Bobbin  
© Zap2it

As a new season dawns over "Everwood," one player may be missing.

When The WB Network drama series starts its third year Monday, Sept. 13, a major plot will be the fallout from Dr. Andy Brown's (Treat Williams) hiding of vital information from his son, Ephram (Gregory Smith). The piano-gifted teen spent the summer in a Juilliard music program in New York, unaware his older ex-girlfriend Madison was pregnant by him - but his father did know and didn't tell.

The show now has a creative challenge since Sarah Lancaster, who played Madison last season, is committed to the new CBS series "dr. vegas"

(which premieres Friday, Sept. 24). The producers of "Everwood" hint she will return to their show at some point, though to what extent or for how long is up in the air, since she has a full-time role as a Las Vegas blackjack dealer on the other program.

"I'm kind of anxiously waiting along with everybody else" to see how the situation is resolved, Lancaster says. "The way we left Madison, numerous scenarios could take place. It was a great opportunity for me, and they're great people. I would love to go back."

Possibly facilitating that is the fact that "Everwood" and "dr. vegas" are both made by Warner Bros. Television. Lancaster landed her part in the new show, which also stars Rob Lowe and Joe Pantoliano, through "a standard audi-

tion. I was still filming 'Everwood' but also keeping an eye on the fall pilot season, so I was going back-and-forth between Utah (where 'Everwood' is filmed) and Los Angeles."

Lancaster adds "dr. vegas" came up for her on "one of those days. I was home in L.A. for a three-day weekend and I went on four or five auditions, which is what I had to do since that was the extent of my (availability for) pilot season. This was just one of those chances that came down the chute like everything else."

Whatever else may happen now, Lancaster's "Everwood" stay already has been longer than she expected. "My initial story arc was for three episodes, but I just kept working and working. It was a blessing."

## Sports Best Bets

By Mark Passaro  
Zap2it

**"NFL Football" Monday, Sept. 13 (ABC, 9 p.m. ET):** The surprise NFC champion Carolina Panthers are rewarded with the "Monday Night" national spotlight when they host quarterback Brett Favre and the Green Bay Packers. Remaining worthy of that spotlight is now the challenge for the Panthers and their QB, Jake Delhomme. Their tougher schedule begins against the defending NFC North champion Packers, who welcome back all 11 offensive starters from last season's 10-6 team.

**"Golf" Friday, Sept. 17 (USA Network, 8 a.m. ET):** The United States has the home-course advantage - Oakland Hills Country Club in Bloomfield Hills, Mich. - in its quest to win back the Ryder Cup from the Europeans,

who won two years ago in England by dominating singles play. Today and tomorrow, it's alternate shot and best-ball matches followed by Sunday's singles. Tiger Woods, Phil Mickelson and Jim Furyk are among the U.S. players who will face the likes of Sergio Garcia and Darren Clarke for Europe.

**"College Football" Saturday,**

**Sept. 18 (CBS, 8 p.m. ET):** The talented but inexperienced Florida Gators get some big-game training they hope will help them toward an SEC title when they face conference foe Tennessee tonight. Sophomore quarterback Chris Leak went 6-3 as the Gators' starter in 2003, when he threw for over 2,400 yards and 16 touchdowns, and he's now entrenched as the go-to guy. The Vols entered the fall unsettled at QB, so they'll rely on a defense that's especially strong up front.

Jake Delhomme leads the Carolina Panthers against the Green Bay Packers Monday on ABC.

## Celebrity Scoop

Natalia Livingston

By Jay Bobbin  
© Zap2it

If you think you've got problems in romance, consider those of Emily Quartermaine.

Now portrayed by Natalia Livingston on the venerable ABC weekday serial "General Hospital," Emily has endured more troubles with the love of her life - Nikolas Cassadine (played by Tyler Christopher) - than most humans could bear.

Though her first love wanted her back, Emily stuck with Nikolas, who then was left amnesiac by a car accident. He was taken in by enamored widow Mary (Catherine Wadkins), who tricked him into believing he was her late husband while a grieving Emily gave him up for dead. Learning he was alive after all, Emily fought Mary for him, setting the stage for even more crises.

"It takes time when a new actress starts playing a role," Livingston says of fans' reactions, "but the feedback I've gotten has been really good. That's made it great in terms of giving me confidence and making Emily more my own."

Livingston assumed the part when Amber Tamblyn left "General Hospital" to star in the CBS series "Joan of Arcadia" (for which she currently is Emmy-nominated). The learning curve was immediate for Livingston, who

jumped right into a story line in which Emily battled breast cancer and joined a support group, with actual breast-cancer survivors playing other members.

"When we started the plot," Livingston recalls, "people asked, 'Why are you doing this? This is something that affects women over the age of 40.' It is more common then, but women under 40 also have to be aware of it. If we can get them to start thinking about it now, they'll be more prepared later in life."

**Born:** March 26 (year undisclosed) near Pittsburgh, Pa.; raised in Macon, Ga.

**Current residence:** Los Angeles.

**Marital status:** Single.

**"GH"-appropriate family ties:** Her father is a physician.

**Getting started:** Livingston appeared in high-school plays, then took acting classes and appeared in student films while a sociology major at Emory University. After a social-work internship, she moved to Los Angeles to pursue acting and got her break while working at a home-improvement superstore. She did fast-food commercials in Spanish and performed in four plays, then was hired for "General Hospital."

**Hobbies:** Going to plays and movies; hitting the beach; hiking.

# Heather Locklear helps run 'LAX' in NBC airport drama

By Jay Bobbin  
© Zap2it

There's more than one reason Heather Locklear is hot.

Temperatures well over 100 degrees have been the norm during production of early episodes of her NBC drama series "LAX," premiering Monday, Sept. 13.

But even with 16-hour days on the set in Ontario, Calif., the glamorous, long-popular actress is not complaining. She says she's happy to have a weekly job again, in one of the few shows actually built around her; "Dynasty," "T.J. Hooker," "Melrose Place" and "Spin City" already were on the air when she became a cast member. After signing her to do her next series, NBC put Locklear in a couple of "Scrubs" episodes while trying to find just the right vehicle for her.

The first try was a sitcom pilot that didn't sell last year. Now, Locklear lands back in the weekly lineup as Harley Random, runway supervisor at Los Angeles International Airport. Harley could step up to become overseer of the entire facility, after the former holder of the post walks into the path of a jet taking off in the pilot episode's opening.

Harley's principal rival for the promotion is Roger De Souza (Blair Underwood, "L.A. Law"), her counterpart in running day-to-day operations inside the LAX terminal. Thus, they must work together while also competing for the higher position they both covet. The realities of modern airports keep their attention on everything from enhanced security measures to the comfort of VIPs who are magnets for the public and the paparazzi.

The morning after one of those 16-hour days, a weary but pleasant Lock-

lear confirms she was aware of the network bidding war that erupted over her when her "Spin City" stint ended. "You get a feeling," she says, "then you have to block yourself off from it because it gets to be too much. It's all talk, like believing your own publicity, so you just have to step away from it. Whatever happens is supposed to ... and when it doesn't, you go, 'Hey! What happened to all that talk?'"

Despite her past successes, as she re-enters the series fray, Locklear admits having "great anxiety. I don't even know how else to describe it. Once you get picked up for the first 13 episodes, you say, 'OK. Now, are people going to watch?' There's always the next step, the 'what if ...,' while you're trying to enjoy the process."

Although NBC's first shot at giving Locklear a new show (the proposed comedy "Once Around the Park") didn't pan out, her deal only got sweeter. "They added more money to my pot and said, 'Let's wait for another sitcom.' What the network and I had agreed upon didn't surface, and the idea for what became 'LAX' came around. I moved the character, so I said, 'I'll do this.' They said, 'But we want you in a half-hour show.' And I said, 'I love this character.' And here we are. It's still in their control, but it worked out well."

Locklear is especially glad to have as prominent a co-star as Underwood to share the on-camera load. "He takes it on so gracefully," she says, "everything is just in stride with him. He's so genuine and giving, it's great to have him." Other "LAX" cast regulars include Paul Leyden ("As the World Turns") as the passenger-relations chief, and Frank John Hughes ("Band of Brothers"), Wendy Hoopes (co-creator and voice-cast member of

Frank John Hughes, Heather Locklear, Wendy Hoopes, David Paetkau, Blair Underwood and Paul Leyden (from left) star as airport employees in the NBC drama series "LAX," debuting Monday.

the animated "Daria") and David Paetkau ("Taken") as law enforcers of varying responsibilities.

Having traveled through the real LAX countless times - often with her rock-star husband, Bon Jovi guitarist Richie Sambora, and their daughter, Ava (who turns 7 next month) - Locklear thought she knew the airport. But now that she's filming some scenes for the show there, she's getting to know it much better.

"We got to go inside the original control tower," she reports. "The airport looks a lot smaller when you're up on top; it's not so foreboding. Once they take you around, you think, 'Oh, that's easy!' It seems like it would be simple to take care of that 'world' the airport is."

# Dungey is all over the place

By Taylor Michaels

**Q** Is the actress who plays Deacon's wife on "King of Queens" the same person who was Sydney's murdered roommate on "Alias"? -Carole, Corning, Calif.

**A** We frequently get letters like this one regarding the astonishing Merrin Dungey, the 33-year-old chameleon who moves so easily between her comic recurring roles on "The King of Queens" and "Malcolm in the Middle" and her tense dual role as Francie and her evil impersonator on "Alias."

Dungey returns soon for another season as Lori Loughlin's roommate and business partner on The WB Network's family drama "Summerland."

**Q** What happened to Bob Goen on "Entertainment Tonight"? -Lynn Ebeyer, Atlanta.

**A** Goen's gone, having left "ET" when his contract expired in August. The show's parent company, Paramount, says Goen has

Merrin Dungey

accepted a development deal for future projects with them, however. Mary Hart's current "ET" co-host is former program correspondent Mark Steines.

"Bob is a fabulous guy, and he's done a fabulous job at 'ET,' and we just decided it was time to make a change," executive producer Linda Bell Blue told TV writers several weeks ago.

But wait! Isn't Goen set to turn 50 in December? Coincidence? Not likely, says Hollywood executive Bill Carroll of the Katz TV Group.

"Paramount is clearly trying to revitalize the program, giving it new energy with Steines, who could help lower the average age of the show's viewers," Carroll told a Variety reporter.

For the record, senior host Hart, who has been with "ET" since 1982, turns 54 in November.

**Q** Is there a family relationship between Alan, Cheryl, Diane and Jordan Ladd? -Janet Hulme, Severna Park, Md.

**A** Diane Ladd is not related to any of the others. Jordan is the daughter of Cheryl Ladd from her 1974-80 marriage to David Ladd, Alan's son.

# Martha Byrne raises funds for St. Jude

Martha Byrne

By Paulette Cohn  
© Zap2it

Before the late Danny Thomas became famous, he prayed to St. Jude, the patron saint of lost causes, for a stroke of luck, and he promised that if he got his break, he would return the favor. He was as good as his word, and he built the St. Jude Children's Research Hospital.

A similar thing happened to "As the World Turns" star Martha Byrne. "I was living in California and I was ready for a change," she explains. "I prayed and I said, 'If I am ever in a position again that I can raise money for this hospital, I will do everything that I can.'"

That year, Byrne returned to "ATWT" and began producing an annual fundraiser for St. Jude. This year's 10th annual event at the New York Marriott Marquis on Oct. 8 features more than 125 soap stars from Los Angeles and New York, plus a dinner reception, musical entertainment by the Party Dolls, silent and live auctions, and performances by some of your favorite daytime stars. To find out who will be attending and for ticket information, phone 800-526-9542 or check the Web site <http://www.stjude.org/day-timetv>.

Byrne encourages everyone to come on down. "It is incredible to see these children who have so much strength

and joy," she says of the kids at the hospital. "They know exactly what's wrong with them. They know what medications they are on, but they are the most optimistic, positive, inspiring children. You think you have problems? You don't. These children are dying and they are testing out new medicines to help out other people."

**Dear Paulette:** I enjoy "The Bold and the Beautiful" very much. Can you tell me the name of the actor who plays Dominick? I happened to watch a movie on TV recently and saw the same face, blond and good-looking, playing the lead and waited for the credits at the end. His name was Jack Wagner. Could it be the same person? Thank you. -L.M.B., Tarpon Springs, Fla.

**Dear Reader:** Yes, indeed. They are one and the same. Jack Wagner stars as Dominick. Wagner also had long-running roles in "Melrose Place" and "General Hospital."

## Charmed

Piper and Leo (Holly Marie Combs, Brian Krause) struggle to move beyond a personal tragedy while attending a Hindu wedding in the

Reilly also star in this fact-inspired 2000 adventure, which boasts incredible special effects.

Matthew Long and Logan Lerman play the siblings whose single mother (Oscar and Emmy winner Christine Lahti) is a colorful and profound influence on them. John Slattery ("Ed") and Jessica Pare play a neighboring father and daughter.

8 p.m. on HBO

## Six Feet Under

Ruth's (Frances Conroy) excitement over meeting George's (James Cromwell) daughter is offset by her concerns about his growing paranoia as the

series ends its fourth season with "Untitled." Claire (Lauren Ambrose) is overwhelmed by her sudden fame. David (Michael C. Hall) deals with a major part of his past while Nate (Peter Krause) has a showdown of his own. Keith (Mathew St. Patrick) mulls a surprising business offer.

9 p.m. on 26-ABC on 13-ABC

## The Practice

The last stages of this show and the emergence of a spinoff are set up by "The Firm," written by series creator David E. Kelley. Jimmy (Michael Badalucco) shocks his colleagues by announcing that he is leaving to start his own practice. Alan Shore (James Spader) gets a hasty education in life at the law firm he's just joined. Rebecca De Mornay and William Shatner guest star.

9 p.m. on HBO

## Entourage

"New York" is the destination and also the episode title of the comedy series' first-season finale. Vince (Adrian Grenier) prepares to leave Los Angeles for the Big Apple to shoot his next movie, but Eric (Kevin Connolly) may not go along — unless Vince gives him an official job title first. Drama (Kevin Dillon) finds himself with a choice of acting jobs. Scarlett Johansson ("Lost in Translation") has a cameo as herself.

7 p.m. on 8-FOX on 25-FOX

North Shore

The opening of Frankie's (Jason Momoa) club at the Grand Waimea is memorable for all the wrong reasons in the new episode "Vice." Police detectives raid it, claiming it is linked to illegal doings. Nicole (Brooke Burns) is torn between Jason and her father (Kristofer Polaha, guest star Christopher McDonald). Gabriel's (Corey Sevier) friendship with two women (guest stars Krista Kalmus and Marika Dominczyk) becomes problematic.

7 p.m. on 26-ABC on 13-ABC

The Benefactor

Donald Trump isn't the only person who can have an apprentice, as Dallas Mavericks owner Mark Cuban sets out to prove in the premiere of this unscripted series. He offers \$1 million as the grand prize to 16 contestants who must prove to him that they deserve the dough. Only one will end up with it; the path to that conclusion is filled with character tests designed to leave only the most worthy standing.

7:30 p.m. on 4-CBS

Yes, Dear

Jimmy and Christine (Mike O'Malley, Liza Snyder) start questioning how close Mr. Savitsky (guest star Brian Doyle-Murray) is getting to their family in "Living With Mr. Savitsky." Jimmy starts chauffeuring the suddenly unlicensed-to-drive Savitsky to and from work, even though it is a full-time job, prompting Savitsky to invite the couple and their children to live in his guest house.

8 p.m. on 6-NBC

Las Vegas

Danny (Josh Duhamel) is full of surprises as he returns from military duty in the drama series' second-season opener, "Have You Ever Seen the Rain?" His changed behavior worries Ed (James Caan), and Mary (Nikki Cox) is stunned when Danny asks her to marry him. Ed, Danny and Mike (James Lesure) pursue three casino guests who act like clowns—but turn out to be on a federal most-wanted list.

9 p.m. on 6-NBC

LAX

From "Dynasty" and "Melrose Place" to "Spin City" and now an airport control tower, the TV journey of Heather Locklear continues with the premiere of this drama series. She and Blair Underwood ("L.A. Law") play Los Angeles International Airport executives who vie to become the facility's new director while dealing with all manner of crises in one of the world's busiest terminals.

# Tuesday Best Bets

## 6 p.m. on ESPN Dream Job

Aspiring sports broadcasters hope to follow in the footsteps of Mike Hall in the second-season debut of this reality series. Hall, a University of Missouri senior at the time, beat out 11 other finalists last winter to win his "Dream Job" as a "SportsCenter" anchor. Like Hall, the winner will be deemed the best by a panel of judges and viewers at such on-air tasks as side-line

reporting, play by play and one-on-one interviews. Stuart Scott returns as host.

## 7 p.m. on 38-WB Gilmore Girls

Lorelai (Lauren Graham) struggles to keep Luke's (Scott Patterson) apparent feelings for her at bay in "Raincoats and Recipes." She has to focus on the test run for the inn's opening, which she hopes will reunite her parents (Kelly Bishop, Edward Herrmann), but Jason's (Chris Egan) bid to win back Lorelai complicates things. Rory (Alexis Bledel) tries to make amends with Dean (Jared Padalecki).

## 8 p.m. on 8-FOX on 25-FOX The Next Great Champ

If the presence of Oscar De La Hoya doesn't attract fight fans by itself, there's another dose of boxing-champ power in this new episode. Former heavyweight title-holder Larry Holmes turns up to give the remaining contenders a challenge that leads to new alliances. The victor from the previous episode enjoys the winner's room while others seethe.

## 8 p.m. on 38-WB One Tree Hill

The competition between Lucas — who still plans to leave town — and Nathan (Chad Michael Murray, James Lafferty) hits new heights as they enter the basketball playoffs under Dan's (Paul Johansson) take-no-prisoners coaching style in "The Games That Play Us." Dan also tries to use his influence on a surprised Haley (Bethany Joy Lenz), who rethinks her romance with Nathan as a result.

## 8 p.m. on 6-NBC Father of the Pride

Larry and Kate (voices of John Goodman and Cheryl Hines) debate how to deal with Sierra (voice of Danielle Andrea Harris) after they find catnip in her room in the new episode "Catnip and Trust." A drug counselor recommends they confront her, but she responds by running away. A TV ad inspires Siegfried and Roy (voices of Julian Holloway and Dave Herman) to visit a convenience store.

## 8 p.m. on 19-PBS Secrets of the Dead

The possible burial site of Christ is visited in "Tomb of Christ." Oxford University archaeologists are convinced the Church of the Holy Sepulchre in Jerusalem is the location in question, but it has taken tricky maneuvering for them to be able to prove their point. Given the religious aspects of their hunch, they have had to demonstrate great diplomacy during their search for evidence.

## 8:30 p.m. on 6-NBC Scrubs

An attitude change for the worse makes new chief resident J.D. (Zach Braff) unappealing to his hospital co-workers — particularly Turk (Donald Faison) — in the new episode "My New Game." J.D.'s relationship with Elliot (Sarah Chalke) also suffers over his new position. Dr. Cox and Jordan (John C. McGinley, Christa Miller Lawrence) are stunned to learn they aren't officially divorced after all. Heather Graham guest stars.

## 9 p.m. on 26-ABC on 13-ABC In the Jury Room

This unscripted series has sparked some controversy during its summer run, since legal authorities and rival network executives have disputed whether cameras and microphones should be allowed to record true-life jury deliberations. The practice continues for at least one more episode as the show ends its maiden season by delivering another verdict in "State vs. Sanora." Cynthia McFadden is the host and narrator.

## 9 p.m. on 6-NBC Law & Order: Special Victims Unit

Police capture a voyeur who has caught more on tape than he bargained for in "Head." The hidden camera captures a sexual assault on a child, sending Stabler and Benson (Christopher Meloni, Mariska Hargitay) in pursuit of the attacker. The investigation eventually centers on the female principal of the victim's school.

7 p.m. on 8-FOX on 25-FOX

## That '70s Show

Hyde (Danny Masterson) is astonished, for more reasons than one, when his real father turns up in the new episode "Let's Spend the Night Together." Eric and Donna (Tophers Grace, Laura Prepon) have different reactions to the feminist rally they attend. Kelso (Ashton Kutcher) braces to become a father. Tim Reid ("WKRP in Cincinnati") guest stars.

7 p.m. on 26-ABC on 13-ABC

## My Wife and Kids

Series star Damon Wayans is reunited with his former "In Living Color" colleague Kelly Coffield in the hour-long episode "The Baby." Coffield guest stars as Summer Breeze, an offbeat midwife enlisted by Jr. and Vanessa (George O. Gore II, Brooklyn Sudano) to help deliver their forthcoming baby. Michael (Wayans) devises an alternate plan for the birth.

7:30 p.m. on 8-FOX on 25-FOX

## Quintuplets

Pearce and Parker (Johnny Lewis, Jake McDormian) struggle to keep their mutual affection for Alayna (guest star Alice Greczyn) in check as they team with her on a science project in the new episode "Love, Lies and Lullabies." Penny (April Matson) works on her own science project with Paige (Sarah Wright) — but Paige doesn't know it. Patton (Ryan Pinkston) becomes the surprised object of a pretty girl's attention.

8 p.m. on 8-FOX on 25-FOX

## The Bernie Mac Show

Bernie's (Bernie Mac) effort to get Bryana (Dee Dee Davis) to ride her bike without training wheels ends badly in the new episode "Stiff Upper Lip." He tries to make it up to her by taking her and some friends to a museum; there, Bernie upsets one of the other children who won't stand up to bullies. Jordan (Jeremy Suarez) comes up with a ploy to get out of gym class.

8 p.m. on 26-ABC on 13-ABC

## The 2004 World Music Awards

Always good for a global view of who's big on the music charts, this special again serves up a cross-section of internationally popular recording stars. Originating for the first time from the United States — Las Vegas, to be exact — the show is slated to include performances by Usher, Avril Lavigne, Kanye West, Hilary Duff, Alicia Keys, Josh Groban

and Celine Dion. Recording executive Clive Davis will receive a special honor.

8 p.m. on 6-NBC

## Siegfried & Roy: The Miracle

The inspiration for the new computer-animated series "Father of the Pride," the Las Vegas magic duo — whose act was disrupted last fall by a tiger's on-stage mauling of Roy Horn — is showcased in this new special. Maria Shriver talks with both men about the impact of the incident, with particular emphasis on Horn's recuperation. Witnesses to the attack also comment, as do doctors who have treated Horn during the past 10 months.

8:30 p.m. on 8-FOX on 25-FOX

## Method & Red

Skyler (David Henrie) wants assistance from Meth and Red (Method Man, Redman), who aren't too willing to help, in building a Soap Box Derby racer in the new episode "Chu Chu's Redemption." The guys also try to keep a prison-inmate pal (guest star Marcello Thedford) from discovering the big changes his girlfriend has undergone while he's been in the slammer.

9 p.m. on 6-NBC

## Law & Order

Jerry Orbach, the cast member who was with this show the longest, prepares to move on (to the forthcoming spinoff series "Law & Order: Trial by Jury") in "C.O.D." Briscoe (Orbach) tackles his last case with Green (Jesse L. Martin) — who is stunned by his partner's unexpected decision — as they investigate the murder of a deliveryman.

**Survivor: Vanuatu, Islands of Fire**

Last season's "All-Stars" had gone through the process of outwitting, out-playing and outlasting rivals before, but it's back to basics as host Jeff Probst returns to shepherd 18 new contestants through demanding challenges in an exotic setting. The first episode introduces those who will try to hang in and win the \$1 million grand prize; of course, the Tribal

Council at the end of each episode determines who stays or leaves.

A tradition of American life gets fresh input from Jeff Foxworthy, Bill Engvall and Larry the Cable Guy — even if it's advice that shouldn't necessarily be followed by anyone else — in the new episode "Vacations." Advice is offered

7:40 p.m. on 6-NBC

**Will & Grace**

Jennifer Lopez was on hand for the sitcom's finale last season, and she returns to get its seventh year going

in "FYI: I Hurt, Too." Novice tunesmith Karen (Megan Mullally) wants to peddle a song to her ... with help from Jack (Sean Hayes), who did a stint as a dancer in J. Lo's concert tour. Burned by her husband's (guest star Harry Connick Jr.) infidelity, Grace (Debra Messing) takes out her anger on Will (Eric McCormack).

Paul Williams and Burt Reynolds

## What I Like About You

Holly (Amanda Bynes) comes home from Paris — and not alone — as the sitcom's third season begins with "Europe Was So Much More Fun." She brings her new British-musician boyfriend (guest star David de LaTour) along, devastating former suitors Vince and Henry (Nick Zano, Michael McMillan). Val (Jennie Garth) has a surprise after getting close to Rick (guest star Ed Kerr) again over the summer.

7 p.m. and TNT

## Movie: Panic Room

Not for the claustrophobic, this 2002 thriller from director David Fincher ("Seven") stars Jodie Foster in a role originally intended for Nicole Kidman. She plays a woman whose new home is invaded by thieves (Forest Whitaker, Jared Leto and Dwight Yoakam) seeking the previous owner's money. The woman and her daughter (Kristen Stewart) hole up in the house's well-

protected "panic room" and fight the intruders from within.

7:30 p.m. on 26-ABC

## 8 Simple Rules

In "Finale Part Deux," Cate (Katey Sagal) appears to warm up to the school principal (guest star Adam Arkin) after having a run-in with him over a form needed for Kerry's (Amy Davidson) trip. Jim (James Garner) gets more serious with his new girlfriend (guest star Connie Stevens), much to Cate's dismay.

7:30 p.m. on 38-WB

## Grounded for Life

Mila Kunis ("That '70s Show") reprises her earlier guest-star role as the sitcom opens its fifth season with "Policy of Truth." Brad (Bret Harrison) admits his fling with someone else (Kunis) to Lily (Lynsey Bartilson), who stays mum about her own summertime hook-up with another guy. Sean (Donal Logue) debates what to do when he learns Claudia

(Megyn Price) is pregnant before she does.

8 p.m. on 26-ABC

20/20

It's ironic for this newsmagazine to begin its 26th season by bidding farewell to someone who's been with it almost from the start: Barbara Walters, who is leaving to focus on other projects including her weekday show "The View." The two-hour program salutes the iconic journalist through clips of many of her most memorable interviews, which she has conducted with world leaders as well as celebrities.

8 p.m. on 38-WB

## Reba

Reba (Reba McEntire) has been in odd spots between ex-husband Brock (Christopher Rich) and his current wife Barbra Jean (Melissa Peterman).

before, but the strangest one yet arises for her in the show's fourth-season premiere episode, "The Accidental Role Model." Barbra Jean may seek a divorce, thanks to the marital precedent she

feels Reba has set. A rumor about Reba and Brock ups the stakes for the whole family.

8 p.m. on 6-NBC

## Third Watch

The texture of this show's cast could change drastically — since many major characters' fates were left in the lurch last season — as the filmed-in-New York series starts its sixth year with "More Monsters." A vengeful mobster's (guest star Gene Simmons) attack on police officers continues to the hospital where victims are being treated. Kim Raver makes what may be her last appearance here, since she's joining "24."

9 p.m. on 6-NBC

## Medical Investigation

Dr. Connor (Neal McDonough) has a personal attachment to the case he tackles in the new episode "Coming Home." A veteran of the first war in Iraq, he's concerned when several soldiers who served in the most recent conflict there die from a pulmonary disease. The same symptoms strike several residents of a home for senior citizens, dashing Connor's initial prognosis of Gulf War Syndrome as the cause.

# Saturday Best Bets

7 p.m. on 4-CBS

## College Football

The talented but inexperienced Florida Gators get some big-game training they hope will help them toward an SEC title when they face conference foe Tennessee tonight. Sophomore quarterback Chris Leak went 6-3 as the Gators' starter in 2003, when he threw for over 2,400 yards and 16 touchdowns, and he's now entrenched as the go-to guy. The Vols entered the fall unsettled at QB, so they'll rely on a defense that's especially strong up front.

8 p.m. on 26-ABC on 13-ABC

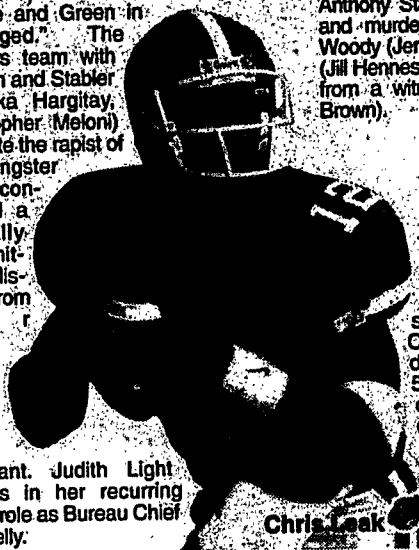

## Miss America

A rite of fall is observed again as lovely ladies from each state and the District of Columbia compete to be the last one standing — and the only one serenaded — in the 50th-anniversary telecast of the pageant from Boardwalk Hall in Atlantic City. The event's familiar categories allow at-home viewers to match their opinions against those of the celebrity judges. Chris Harrison ("The Bachelor") is the host.

8 p.m. on USA

## Law & Order: Special Victims Unit

Jerry Orbach and Jesse L. Martin make a crossover appearance as "Law & Order" police Detectives Briscoe and Green in "Damaged." The partners team with Benson and Stabler (Mariska Hargitay, Christopher Meloni) to locate the rapist of a youngster who contracted a sexually transmitted disease from her.

Chris Leak

9 p.m. on 6-NBC

## Crossing Jordan

An old case resurfaces to haunt Garrett (Miguel Ferrer) in "Dead or Alive." He learns that a wealthy man (guest star Anthony Starke) once accused of rape and murder is at it again in Mexico. Woody (Jerry O'Connell) needs Jordan's (Jill Hennessy) help in getting information from a witness (guest star Sarah Joy Brown).

10 p.m. on 25-FOX

## Mad TV

This sketch-comedy series — produced partially by showbiz impresario Quincy Jones — reaffirms its durability by marking the start of its 10th season here, with cousins Charla Faddoul and Mima Hindoyan of "The Amazing Race 5" as guest stars. Movies and other TV programs are frequent targets for parody; the ensemble cast currently includes Aries Spears, Daniele Gaiher, Bobby Lee, Michael McDonald, Nicole Parker and Ike Barinholtz.
